

'EMPOWERING A COMMUNITY OF LEARNERS'

Wanaka Primary Science Challenge Evening

On Wednesday 16th May, from 6-7pm, we will be hosting a fun science evening in the Wanaka Primary School hall for parents and children. The evening will involve a quick presentation of all the great science that has been happening at Wanaka Primary over the last few years, followed by a fun science and technology challenge. There will even be prizes for the most successful and creative teams!

Teams will register in pairs (one adult and one Wanaka Primary child). If you are keen to come along on the night, please send an email to Nic (nicb@wanaka.school.nz) under the subject name 'Science Evening'

Please include your name, your child's name and their room number in the email. If there is more than one team registering in your family, please send these details as multiple emails, but add a note that you are part of the same family.

Due to space, a maximum of 60 teams are able to register - first in, first served. If you register too late, we will let you know and add you to a waitlist.
