

## 2022 EOTC and Snow Sports Results

The current EOTC and Snow Sports programme has been running for many years and we have just received your feedback on the current programme. This will help us plan for 2022 onwards. Below is a summary of the data collected, conclusions and recommendations from the data will be released in the coming week

The survey focused on the 4 groups at our school:

1. Those who are new to Wānaka Primary School
2. Those who have been involved in the at school programme
3. 5 day snow sports programme
4. 1 day experience and school programme

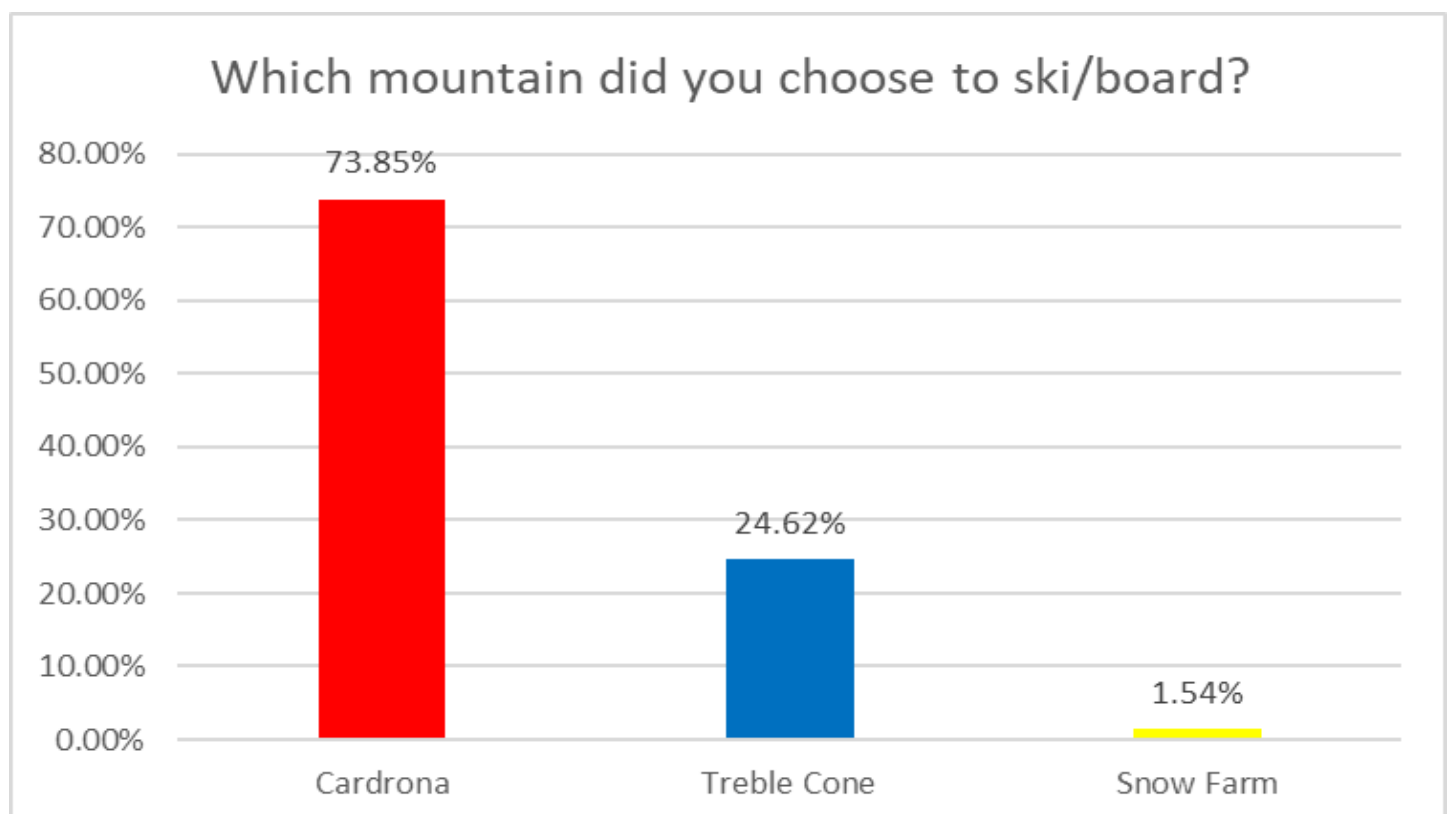

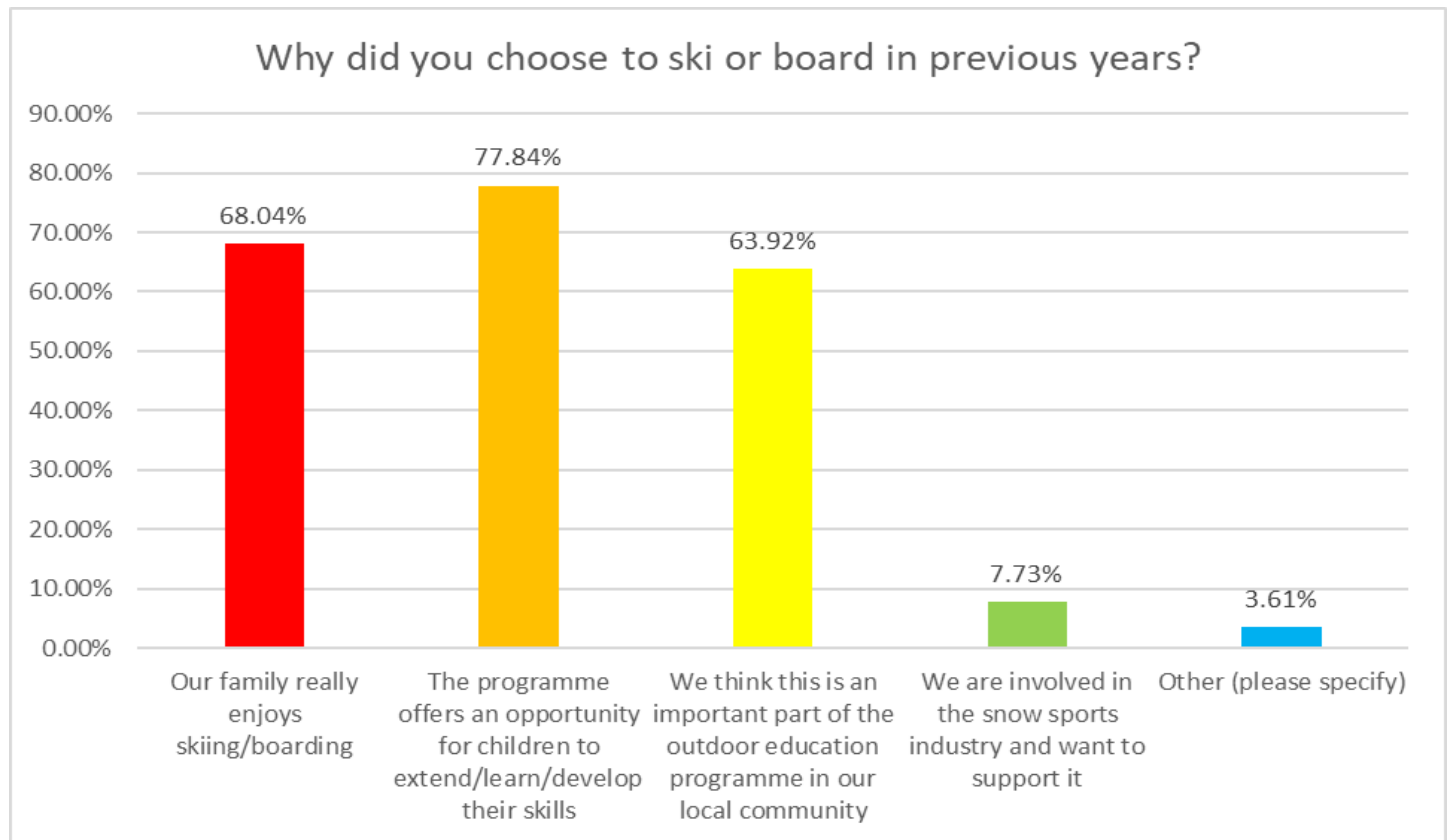

We had 278 responses to the survey. I also had some emails from parents who wished to provide their views. These will be added to the review along with the comments that have been provided.

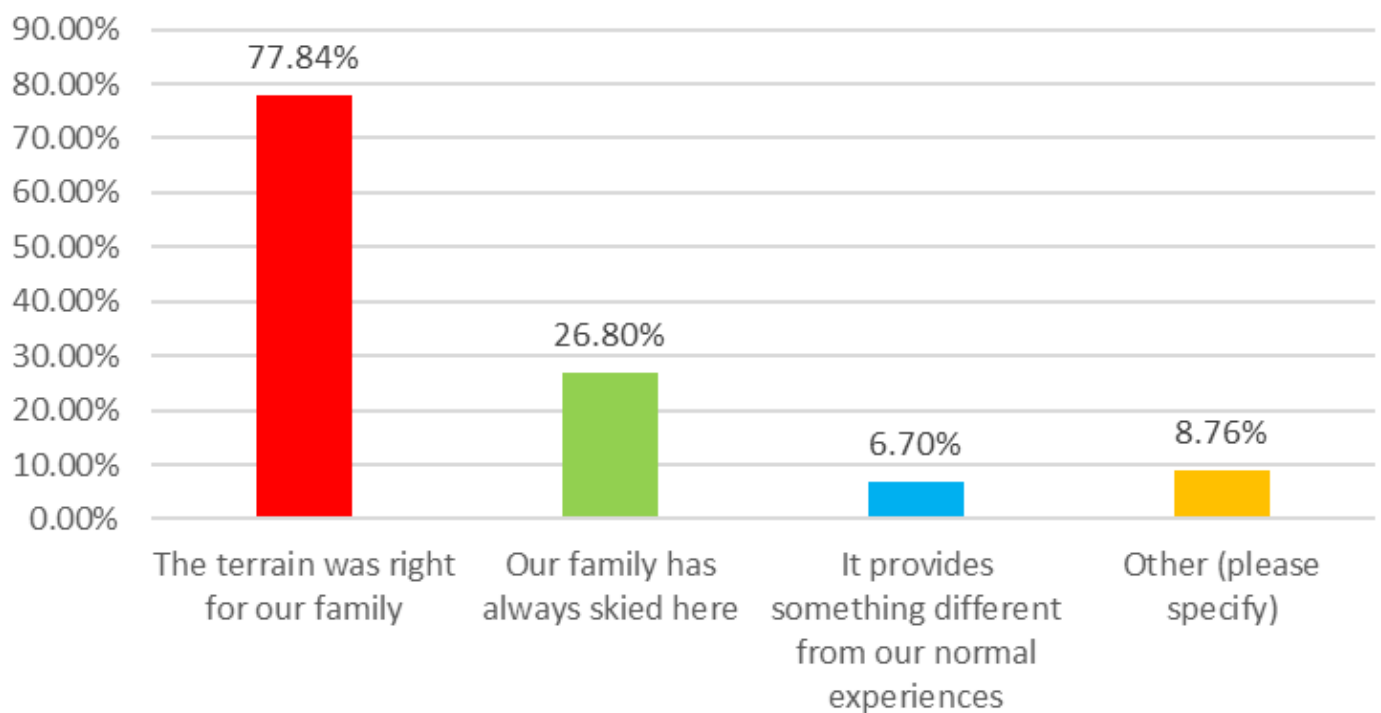

## Section 1

# Results for Families who have been involved in the 5 day Snow Sports Programme at TC/Cardrona/Snow Farm

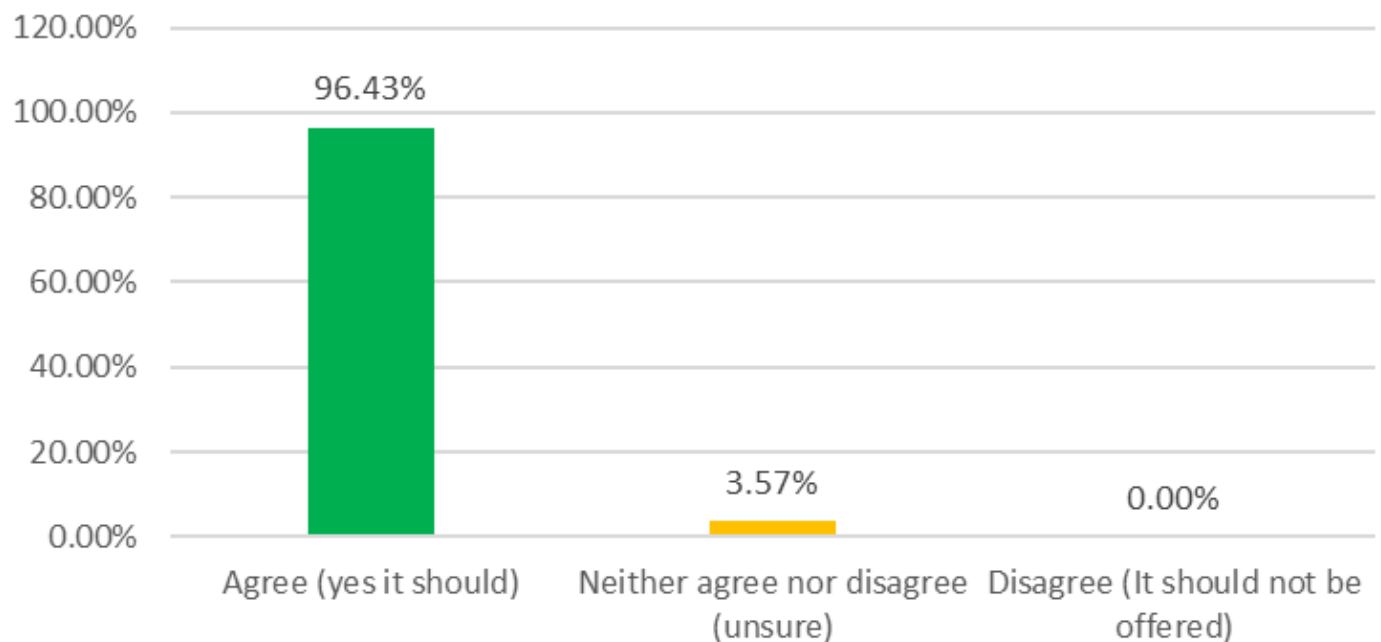

We had 194 responses to this question/section

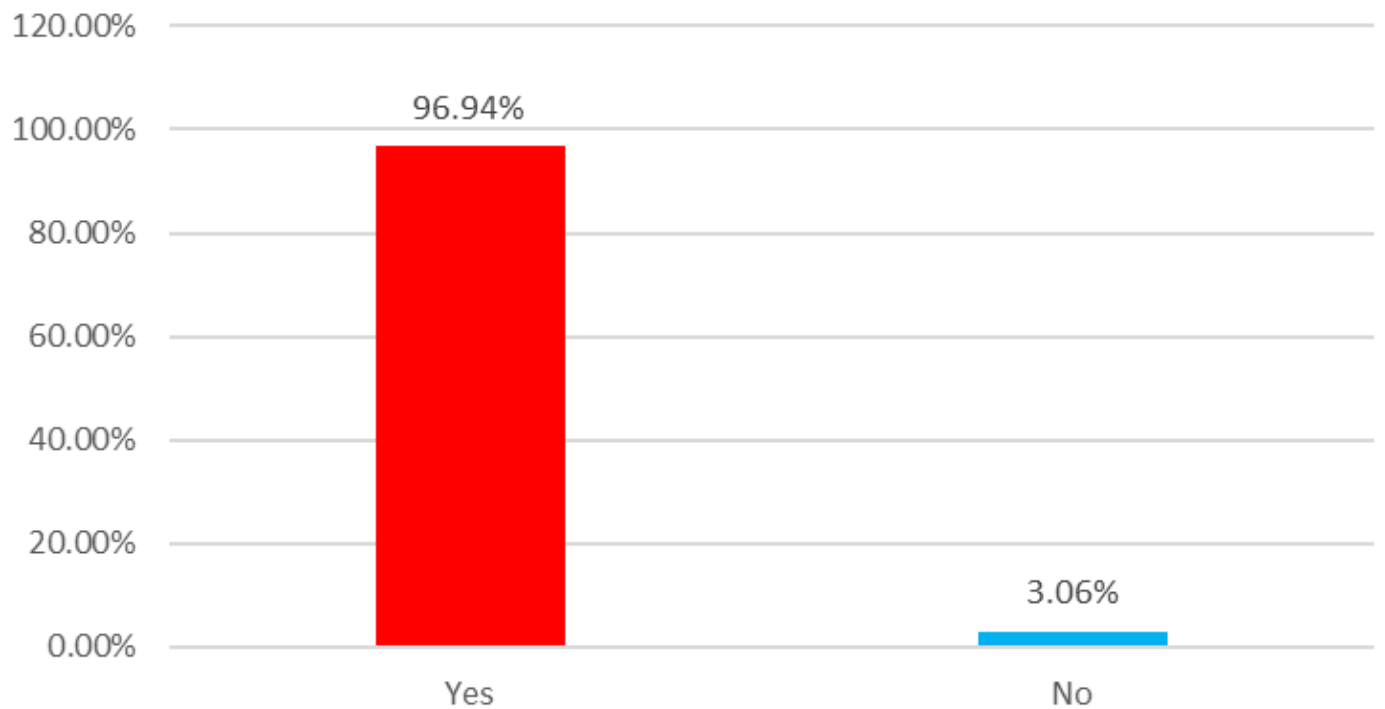

## Why did you choose this mountain?

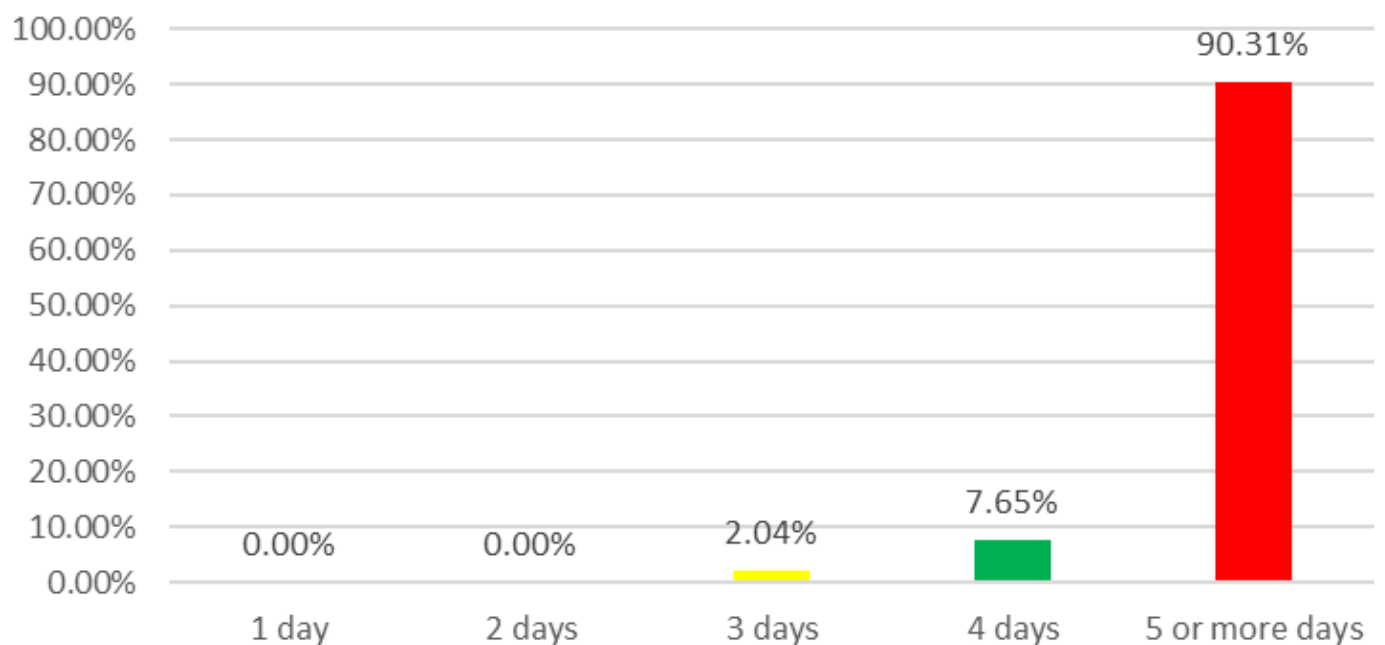

## Do you think that the snow sports programme should be offered in our school?

## Do you think the cost was right?

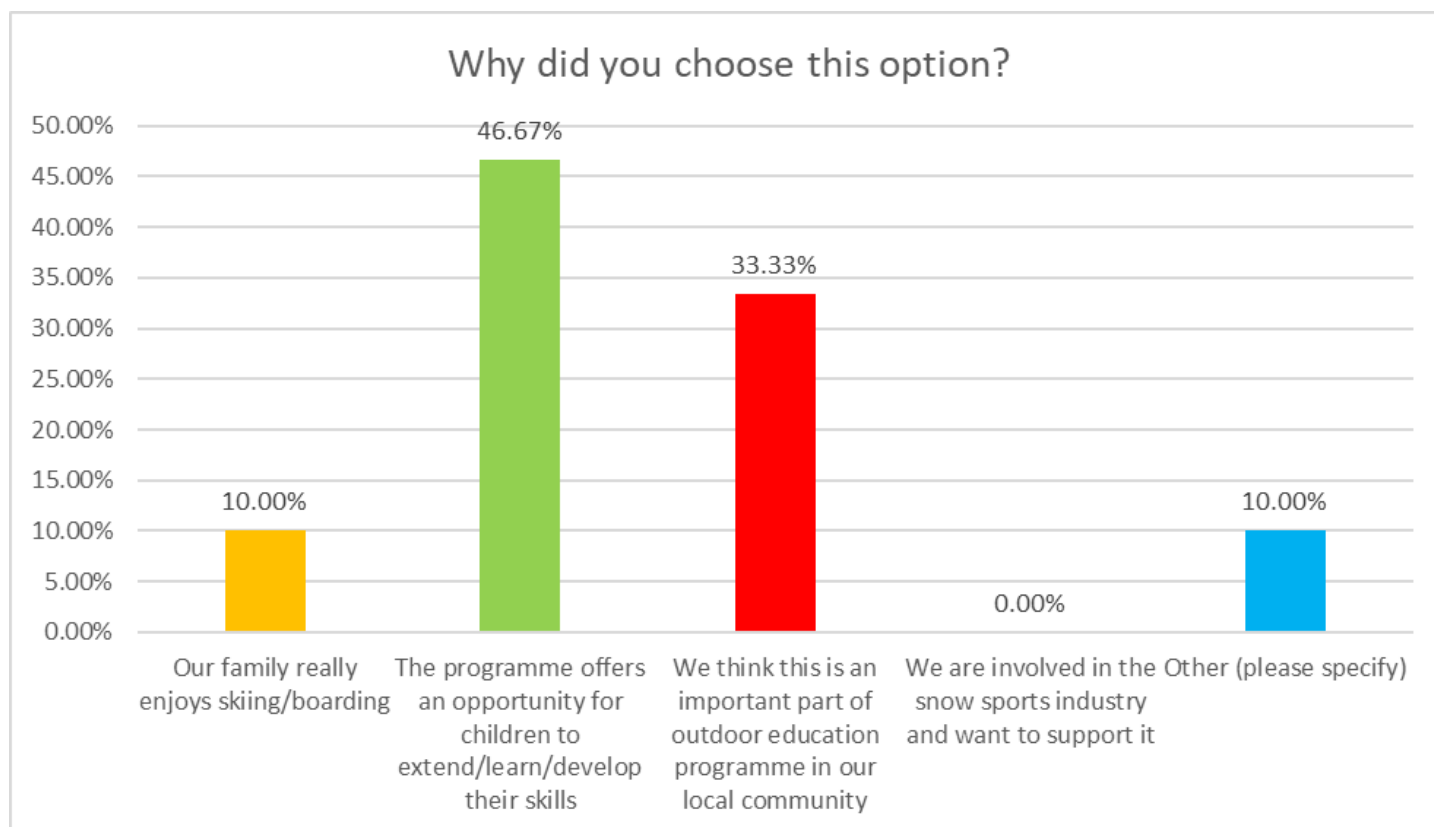

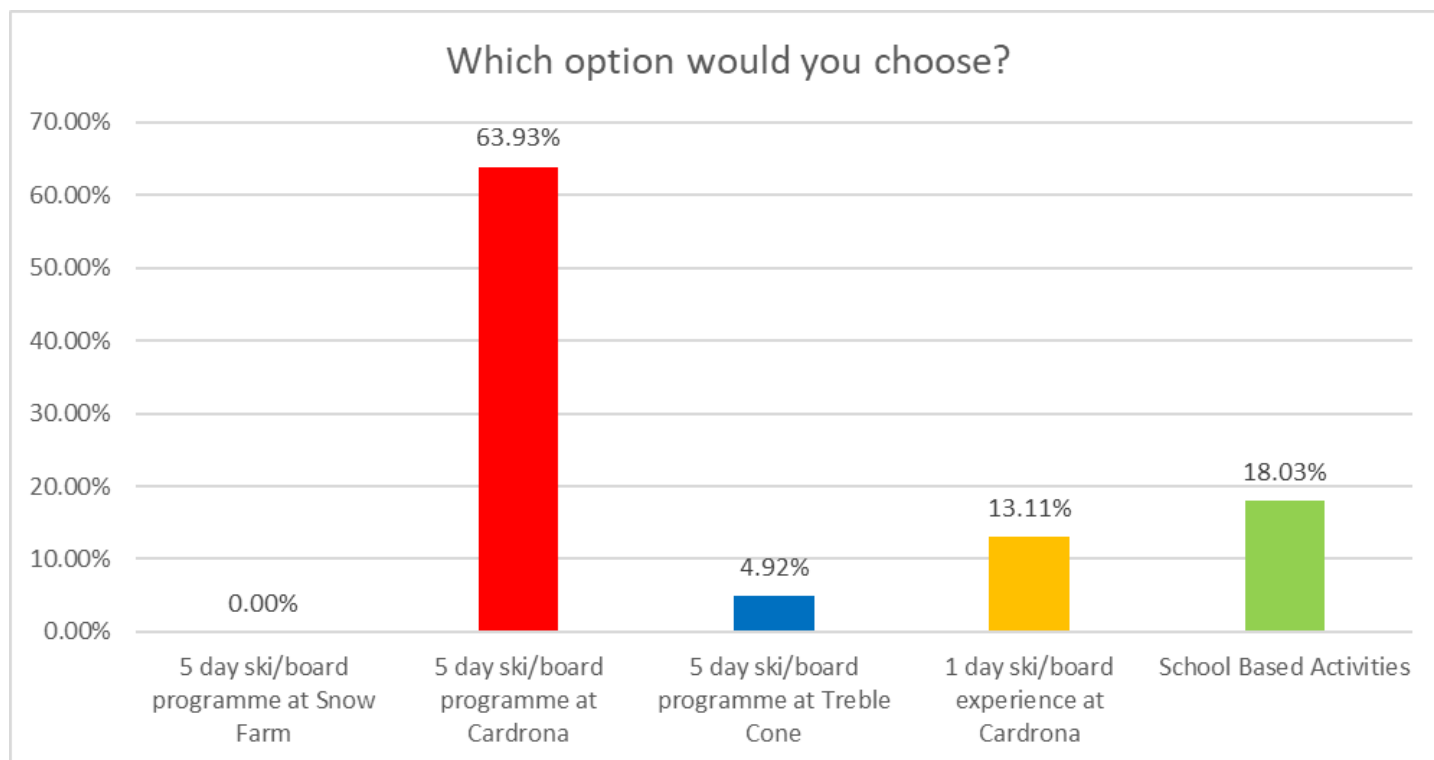

## How many days do you think the programme should be?

## Section 2

# Our Family is new to Wānaka Primary School

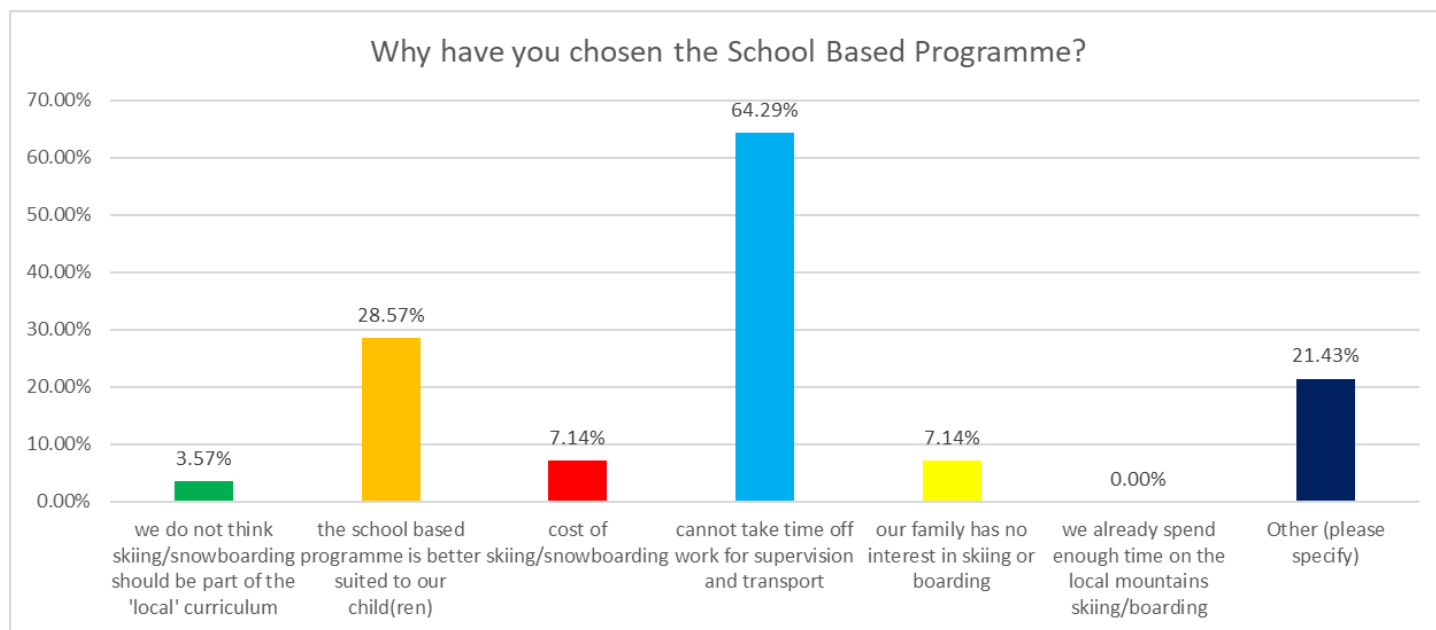

We had 61 responses to this question/section

### Section 3

## We have been involved in the 'at school' EOTC programme.

We had 28 responses to this question/section

### Section 4

## We have been involved in the 1 day Snow Sports Experience.

We had 5 responses to this question/section
